# THE HISTORY OF THE CLUB

Corinthian FC was founded in 1972 by Mr RJ Billings (snr) to provide football in a safe environment, whilst teaching the players the principles that he believed to be important in sport. The motto was simply “pro omnium beneficio”- for the benefit of all, but on the pitch the principles were simple; “Hard, but fair”. Losing wasn’t considered before the game, but if the result went against us then the players were taught to take it graciously.

For the first ten years of the club’s existence we were pleased to welcome such teams as Tottenham, Charlton and Norwich amongst other league teams as well as county and district representative sides as our opposition. On top of these games there were many regular visitors to Gay Dawn Farm from local clubs making up a fixture list of over 60 games per season.

During the 1980s with the arrival of an experienced football manager, Mr Tony Sitford, we progressed from youth football into men’s football playing in the old Southern League. This level of football by a totally amateur club made us unique, but caused problems in the long run in attracting new players. Into the 1990’s we dropped back down to the Kent League and enjoyed many a season in this set up.

Early into the new century we reviewed the whole structure of our football club and decided that we had lost our roots in youth football and this was having a detrimental effect on our senior side. So, we decided to withdraw temporarily from senior football, whilst we rebuilt the lower levels of the club. In 2008 we had managed to create a club running 5 sides, from 13 years old through to 18 years old and it became obvious that we needed to consider the next step in our restructuring. For two seasons we had a liaison with Welling United, integrating a senior side within Welling United and developed a reserve side initially playing in Kent Division 2 (season 2008/09) and then moving on (2009/10) into the Suburban League South Division. This partnership has now come to an end.

When the opportunity came for us to re-enter senior football as Corinthian Football Club, we did not hesitate to take it. Probably 2 years too soon, but the challenge was one we were keen to take. We introduced a second senior side playing in the Suburban League to help us progress our u18’s into men’s football.

The 2010 / 11 season saw Corinthian FC running two senior sides one in the Kent Football League Premier Division and one in the Suburban League South Division plus three youth sides – u14, u15 and u18 in the Kent Youth League. For the 2011/12 season as well as all the above, Corinthian FC had an u18 side in the Ryman Youth League. We feel that that this fills the gap from Kent Youth League to senior football, enabling us to offer a true progression for all our players. The 2012/13, 14/15, 15/16, 17/18 ,18/19 and 19/20 seasons saw the addition of u13 and u15 team playing in the Kent Youth League.

After untimely ends to the 2019/20 & 2020/21 seasons, when the boys were flying high, we are delighted to have retained the main squad, with the addition of some of last season u18’s.

Corinthian Football Club are delighted to have been promoted into the Isthmian League Division 1 South East for the 2021/22 season and are looking forward to the challenge, to visiting new grounds and making new friends.

For our 21/22 campaign we continue with sides in the Suburban League Premier Division, Isthmian u18 East Division as well as the Isthmian South East Division.

# EDITOR'S COMMENTS

I am delighted to welcome Sittingbourne FC players, officials, supporters, and today's match officials to Gay Dawn Farm for what should be an excellent afternoon of football.

A few thank you 's – being promoted has brought about a few off field challenges and a lot of new practices to learn, so I would like to take the opportunity to thank the people who have helped me take on these new challenges and navigate these new pathways!

Sophie put together the Promotion Application process back in April– overly complicated as I was having a knee operation and she did not want to make any mistakes and let the players down as they had worked so hard over the last few seasons to earn this promotion.

Tower Sports – Kit & Equipment suppliers - over the years they have always been on hand to supply us with kit, no matter the challenge or the speed in which we need it delivered by, no request goes unanswered or unfilled.

Darenth Print – programme printer's - thank you all for your feedback – it looks like the Printed Programme will be here to stay for this season!

The Kit Room – Cup Pennants – no matter how late I remember – the service is superb!

Charlotte – a massive thank you to Charlotte – she helps with the website, she has taken on the Twitter match day app so everyone can keep up with the match as it unfolds, she has also decided to take on sorting and running the Club Shop and now following feedback from spectators, has also taken on the task of sorting out the programme and making sure it is sent to the printers and then picked up.

Enjoy, the match, enjoy the rest of the season, and have a safe journey home.

# MANAGERS NOTES

Saturday saw us come up just short in the FA Cup against unbeaten Step Three, Folkestone Invicta. Whilst we were bitterly disappointed at the full time whistle that the result had gone against us and we could and possibly should have got something more out of the game, I think conceding three goals at home against any side, you will struggle to convince me that we should have won the game. Having said that, the performance levels were good, the energy, application and game plan were executed well and we pushed a team that had kept three clean sheets in a row prior to their visit here all the way and we have received really positive press as a result of the fixture – And who knows, had the keeper been sent off as pretty much everyone in the ground expected in the 2<sup>nd</sup> minute, we may well have been in the next round looking forward to a tough but very winnable away trip at Ashford Town (Middlesex) in the next round.

Sittingbourne come here on the back of a 10 day break from competitive football, so will be well rested for today's game. Sittingbourne have made a strong start to the season and deservedly beat Faversham in their last fixture. Darren Blackburn has put together an exciting team that are strong and disciplined in defence. I think there is a misconception amongst SCEFL sides, that they will get promoted and go on to compete at the top end of the division and teams like Sittingbourne are there for the beating... From what I saw in their match against Faversham, I would suggest the exact opposite and I fully expect Sittingbourne to do very well this season and be competing at the top end of the division.

We come into the today's game on the back of our worst run of form in over three years, having not won any of the previous three fixtures - a crazy stat when you digest it. There has been frustration and disappointment with the results over the past couple of weeks, but I do not think anybody realistically expected us to win pretty much every match, as we have done in the SCEFL over the past three seasons. Morale in the squad certainly hasn't dropped and the players have, as you would expect trained well this week and we are confident of competing in what will no doubt be a fiercely competitive league fixture.

In player news, I am delighted to welcome Ryan Atkinson to the club after a short spell at South Park. Ryan is an exciting winger that adds something different to what we have and has lots of experience of this level having previously played numerous games for Whyteleafe before their withdrawal from the league in the summer. We are also, at the time of writing still waiting on international clearance for Kaka Dembele and once we have this, the squad will be in a very healthy place.

Following today's game, we entertain Three Bridges on Tuesday night, so we have the opportunity with two home games to put on good performances for you and look to improve on our mixed results from the opening month of the season. I am sure if we can keep up the levels of performance, the results will follow in no time.

Enjoy the match. Come on you Hoops!

*Michael*

# CAPTAIN'S COLUMN

Afternoon all and welcome back to the Farm. Usually after a defeat it would be customary to apologise to the home fans following the 3-2 loss at home to Folkestone Invicta but on this occasion I felt that we as a team had given them more than a run for their money and can count themselves fairly fortunate with the end result and in reference to a couple of decisions given by the officials on Saturday Afternoon.

Even though our results have been indifferent and inconsistent our performance levels have been very good and we could easily be sitting here in the next round of the FA Cup and have 9 points on the board so morale within the squad is great as we know with a little more focus in certain areas in our game we can kick on and hopefully put a few results together and build some momentum.

This weeks training has been great and with a couple of new faces coming in there's a real excitement to get back to the league this weekend against Sittingbourne and then onto Three Bridges on Tuesday!

Quick Happy Birthday to Lashey!

Bathy

# TEBBS TALK

After a frustrating 18 months, it's been a busy and exciting time over the summer for our Under 18's and Under 23's. The Under 18's have had somewhat of a makeover since last season, we firstly welcome Nathan White to the club who has taken on the role as Joint Manager alongside Ben Greenhalgh. This season the majority of the Under 18's will be playing up a year which we feel will only benefit them in the long term, with that in mind it's sure to be a challenging but exciting year ahead. The early signs have been positive and last week they played in their first FA Youth Cup game, the boys did extremely well winning 3-1 against AFC Croydon. We are now looking forward to the next round at home against Welling United. This is due to take place week beginning 13th September. It would be great to see some familiar faces down supporting the boys.

The Under 23 side have welcomed several new faces to the group, the early signs are encouraging, and we are looking forward to helping them boys become better over the next few months. It's an exciting time to be part of the club and as always it's really positive to see the pathway for players both at Under 18's and 23's, on that note I'd like to take the chance to congratulate Harry Lashley and Charlie Edmundson on making their first team competitive debuts in recent weeks, both boys were key players for the 23's last season and it's great to see them become part of first team squad this season. I'm looking forward to seeing a few more boys follow that trend and make their debuts in the next few months.

# THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

By David Richardson

THE BEAUTY of watching football is not knowing what's going to happen inside those 90 minutes.

Unfortunately, for me, I was on the wrong end of that last weekend.

The National League went crazy with 50 goals flying in across 11 games. There were three 4-3s, two 3-2s, three 2-2s and a 3-3. There were comebacks galore, red cards, own-goals and more big attendances. The start of the National League season really has delivered a strong advert for Non-League football.

However, on the same day in the division, there was also one 0-0, between Boreham Wood and Stockport County, which myself and 782 others attended. Groundhoppers especially will have had a moment like this, watching a drab stalemate as wild scores from around the country filter through. 'Why did I pick this game?'. It could even be happening right now as you read this! Sods law!

There was a spell last season when, in consecutive weeks, the games I went to finished: 1-0, 0-0, 0-0, 1-1, 1-0, 0-1, 1-0 before Hartlepool United ended my torrid run with a 7-2 victory at Wealdstone. I'd put in the hard yards.

I can't complain too much, though. A month or so later, I was at Ashton Gate, watching Torquay United goalkeeper Lucas Covolan score a 95<sup>th</sup> minute equaliser against, coincidentally, Hartlepool in the National League play-off final. It's cliché but it was truly an unbelievable moment. My brain couldn't process what my eyes had just seen.

It was the first time I'd attended a game in which a goalkeeper had scored and it made the arduous fixtures gone before all worthwhile. For every goalkeeper scoring a goal, there's several dozen 0-0s waiting around the corner!

Besides, if we knew how every game would finish, who would score and in what way, then football wouldn't have made it this far.

It's part of being a supporter too, each season different to the next, although usually with hopes of success often dashed as early as Christmas.

Football happiness is rare and short-lived. Here on Saturday, gone by Tuesday. Another fixture ready and waiting to deliver a dose of sporting reality.

In a strange way, however, as Boreham Wood and Stockport toiled to a goalless draw, it felt good, it felt normal, as the world continues to heal.

NLP reader Neil David wrote in our letters page last week how nice it was to be back in Non-League grounds after attending Mildenhall Town's FA Cup victory over Yaxley.

"The chatter among fans, having a beer watching the game, seeing how much the players are enjoying being back," he said, before delivering the crucial line, "I didn't think I'd miss live football as much I have."

And that's exactly how I felt at Boreham Wood despite the outcome. I hope now we have learned not to take things, or football, for granted. Not even the 0-0s.

## SITTINGBOURNE FC – A BRIEF HISTORY

The club was started as Sittingbourne United back in 1881. In 1886 it became Sittingbourne Football Club and played at the Bull Ground in the centre of town. 1892 the club gained senior status. The club won its first major title in 1897/98 when it won the Kent League. The Kent Senior Cup followed in 1902. After the First World War more senior cup and league titles followed with the club also enjoying the first of three spells in the Southern League. Success followed and in another spell in the Southern League Sittingbourne twice in succession missed promotion to the Premier Division only on goal average. The club reached the first-round proper of the F.A Cup in 1962 but lost 3-0 at Hinckley Athletic. Back in the Kent League Sittingbourne were one of the strongest teams throughout the 1970s and 1980s in an era - unlike the one that followed, when what happened on the field got more attention than what went on off it! In February 1990, the club decided to sell its town centre Bull Ground (now Sainsbury's supermarket) and buy a 23-acre site on the town's Eurolink estate. A magnificent stadium with a 2,000 seater stand, restaurants, bars, sumptuous dressing rooms, greyhound track and training pitches was the envy of non-league football. There was success too, on the pitch when, in their first season at Central Park, Sittingbourne won the Winstonlead Kent League without losing a game - the only senior football team throughout Europe to achieve that feat in the 1990/91 season. Promotion to the Beazer Homes Southern League followed with the championship of the Southern Division secured in 1993 followed by promotion to highest level achieved by the club since its foundation in 1891. The ground record was broken five times during that one season with 5,951 spectators watching a friendly with Spurs and more than 3,000 at the match with local rivals Gravesend - a Beazer Homes Southern Division record. More money flowed in with the £21,000 sale of Neil Emblen and Mickey Harle to Millwall before the bubble spectacularly burst. Debts of more than £1 million were revealed, the team got relegated, the ground was closed for a while despite the intervention of the local council in taking it over, and the club was officially wound up. Somehow Sittingbourne have survived it all and even got back to the Southern Premier Division during this traumatic time (in Steve Lovell's first spell as manager), finishing an equal highest ever eighth before the financial problems again began to bite and relegation followed. A new management committee headed by Andy Spice made great strides in tackling the debt problem and getting Sittingbourne Football Club back on an even keel financially. To ensure survival of the club, the decision was made to move out of the imposing main stadium and move to another pitch on the complex.

Because of the FA reorganising the leagues Sittingbourne faced a brand new challenge playing a number of "unknown" teams in the Ryman Isthmian League for season 2006-2007. The 2009-10 season, was one of the best since the financial problems, Sittingbourne being in play off contention for much of the time but failing at the end. Still, a 9<sup>th</sup> place finish was no disgrace and for the first time in fifty years, Sittingbourne won the Kent Senior Cup in front of 618 at Folkestone Invicta. For the 2013-2014 season, Sittingbourne decided to leave their home of 10 years and accept an invitation to move to Woodstock Park a 14-acre area with superb social facilities. Andy Spice, who almost single handedly kept Sittingbourne as a senior club, stood down as Chairman making way for Maurice Dunk, a Director of the company that holds the leasehold for Woodstock Park. After a three year reign as manager, Nick Davis resigned, in February 2018 after the committee decided a budget cut was necessary when it became clear that Sittingbourne would be unlikely to challenge for the play offs. Coach, Aslan Odev took over and after initially taking The Brickies to the play off places failed to maintain this and after a number of losses it was mutually agreed that he would stand aside, paving the way in January 2019, for Dover Athletic Academy development manager, Chris Lynch, to take over. Darren Blackburn took over for the 2020-21 season and has completely reshaped the team. Due to Covid 19, Darren has not had a chance to make his mark on the club and is hoping the 2021-2022 season will change that.
